### Read What Others Say:

"Have used your Liniment very successfully in a case of rheumatism, and always have a bottle on hand in case of a cold or sore throat. I wish to say I think it one of the best of household remedies. I would not have used it only it was recommended to me by a friend of mine who, I wish to say, is one of the best boosters for your Liniment I ever saw."—J. W. Fuller, Denver, Col.

"Just a line in praise of Sloan's Liniment. I have been ill nearly fourteen weeks with rheumatism, have been treated by doctors who said their best. I had not slept for the terrible pain for several nights, when my wife got me a small bottle of the Liniment and three applications gave me relief so that I could sleep."—Joseph Tumbler, 673 Congress Street, McKeesport, Pa.

Miss Eliza White is visiting her aunt, Mrs. Joseph White.

On Tuesday of last week the neighborhood was much startled to learn of the sudden death of one of their number, Joseph White. In the forenoon he harnessed a colt he was breaking, beside his family horse. He drove up and down the street a few times, the horses behaving well. He turned his team around toward home when near the Shackett place and north of the Sanford place. Only a few moments later Dr. Mary Platt and Miss Winnie Farr of Shoreham, who were driving toward Middlebury, came along. Dr. Platt found Mr. White on the ground in front of his wagon. The colt was down, had slipped from the roadside and one leg was across the back of Mr. White's neck. Dr. Platt at once ascertained that he was dead. Miss Farr got help immediately. Mr. Butler, selectman, was called and as Dr. Platt had pronounced the man dead he ordered the body removed to his home. Just how the accident occurred or how death came to him will always remain a mystery, but concurrent opinion is that life was extinct before he fell to the ground, perhaps from a shock or heart trouble. His father dropped dead, also his mother died suddenly in a church. Mr. White was born in Canada. His father was an Englishman and one of his maternal grandparents was of Scotch descent. He came to the States when quite young. His wife was Philomena Duschang. She survives him, also one son, Lucius, of South Burlington, and four grandchildren and four great-grandchildren. Two little girls died when quite young. Mr. and Mrs. White have been residents of this town for many years and by industry and economy have accumulated a substantial property, having a good home and means to ensure comfort for advancing years. The funeral was held on Friday morning at the Catholic church in Middlebury with interment in the Catholic cemetery. He had passed his seventy-second birthday. An Easy Matter with Rheuma, the  
Marvelous Remedy for the  
Disease.

Drive out the uric acid from the joints. Get every particle of this poisonous matter out of your system, and keep it out.

You can do it with Rheuma, a scientific prescription that acts at once on kidneys, stomach, liver and blood; dissolves the uric acid and causes rheumatic agony to vanish.

Read this proof: "After treatment by three doctors, without result, I have been cured of a very bad case of rheumatism by using two bottles of Rheuma. It is now two years since I used the remedy, and I am still as well as ever. Previously I was a cripple, walking with crutches." Judge John Barhorst, Fort Loraine, Ohio.
